Anemia of Chronic Disease and Myelodysplastic Syndromes

Dates: November 13-14, 2015

Location: Prague, Czech Republic

Chairs:

B Bain
MD Cappellini
G Weiss

Focus:

This meeting is aimed towards clinical hematologists in the field of Anemia of Chronic Diseases and Myelodysplastic/Myeloproliferative Disorders. Participants will learn about pathogenesis, diagnosis and new approaches to treatment from international experts.

Why attend?

During the two day event, attendees will have access to educational sessions on a variety of topics. A voting box system will be used for self-assessment and actual real patient cases will be discussed.

CME Accredited
